

## **REDtone International Bhd names YAM TUNKU TUN AMINAH BINTI SULTAN IBRAHIM ISMAIL as new Chairman**

KUALA LUMPUR (6 March): The Sultan of Johor's daughter YAM Tunku Tun Aminah Sultan Ibrahim Ismail, 30, has been appointed as the new chairman of integrated telecommunications and digital infrastructure solutions provider REDtone International Bhd, a subsidiary of Berjaya Corporation Bhd.

YAM Tunku Tun Aminah replaces Datuk Seri Syed Ali Syed Abbas Al Habshee, who has stepped down due to other commitments and responsibilities.

“We are happy and proud to welcome YAM Tunku Tun Aminah as the new Chairman of REDtone International Bhd. We are confident that YAM Tunku Tun’s appointment will fit well with the company in our journey moving forward as we continue to grow as a leading integrated telecommunications and digital infrastructure services provider in the country,” REDtone International Bhd added.

Currently, YAM Tunku Tun Aminah is also the chairman of Berjaya Waterfront Sdn Bhd. She also serves as a director on the boards of several other private companies, including REDtone Network Sdn Bhd, Jauhari Maksima Sdn Bhd, Ikatan Jauhari Sdn Bhd, Ibzi Holding Sdn Bhd and Iskandar Carrier Sdn Bhd.

YAM Tunku Tun Aminah is a graduate of the prestigious La Salle School of Arts in Singapore.

Johor Ruler DYMM Sultan Ibrahim Ismail is a major shareholder of REDtone International Bhd.

### **About REDtone International Berhad**

REDtone International Berhad is a subsidiary of Berjaya Corporation Berhad. Listed on Bursa Malaysia, REDtone is a leading integrated telecommunications and digital infrastructure services provider. A well respected home-grown brand founded in 1996, REDtone has evolved from a voice provider to one that offers an extensive range of services under three main categories: (i) **telecommunications services** – it offers data and voice services to government, enterprises and SMEs. REDtone is the only service provider in the industry to provide infrastructure integration expertise. Its access to a unique suite of last mile technologies also enables it to offer broadband-on-demand. (ii) **managed telecommunications network services** – this includes building, maintaining and operating large scale WiFi hotspots, base stations and fiber infrastructure. (iii) **industry digital services** – it offers data centre services, Internet of Things (IoT) services, cloud services and applications and healthcare solutions to enterprises, government and the healthcare industry.
