

REDtoneFIBRE⁺

A POWERFUL NEW CONNECTION FOR YOUR BUSINESS

Introducing REDtone Fibre⁺, the Fastest Internet service that's tailor made for today's businesses.

GIVE YOUR BUSINESS THE FIBRE OPTIC ADVANTAGE

Designed specifically for modern businesses, REDtone Fibre⁺ gives your business the ultimate online edge with the fastest connection speeds.

As REDtone Fibre⁺ is a dedicated business broadband service, you can avoid disruptive traffic congestion issues caused by heavy consumer users' online activities such as gaming and video streaming or downloading. Simply put, this adds up to a more stable and reliable connection for you and your business.

REDtone Fibre⁺ will revolutionise the way you do business by allowing you to do so much more online. To further meet your needs, REDtone also offers an array of office collaboration tools including Google Apps and disaster recovery solutions.

A dedicated Customer Care Team is on hand to provide responsive 24/7 support to all REDtone Fibre⁺ subscribers, reinforcing REDtone's ongoing commitment to deliver the most reliable services.

THE PROVEN BROADBAND SPECIALIST

REDtone has a successful track record of providing customers in the Government and Business/SME/SMI sectors with flexible, reliable and cost-effective broadband solutions. With this extensive experience, REDtone is uniquely prepared to address the specific broadband requirements of businesses today.
